**Cc:** Patheal-Centenera, Bella  
**Subject:** Placeholder: Oregon CWA Programs Brainstorm and Prioritization  
**When:** Wednesday, January 07, 2015 12:00 PM-1:00 PM (UTC-08:00) Pacific Time (US & Canada).  
**Where:** R10Sea-Room-19Columbia/R10-Rooms-Service-Center

The purpose of this meeting is to have an informal discussion among Oregon CWA program coordinators with Dan, Christine, and other managers about different challenges in working with Oregon and explore prioritizing areas we should focus on in the program. See the draft attachment for information.

For background, EPA Coordinators for Oregon Clean Water Act programs met in October 2014 to discuss high priority work particularly those involving challenges with Oregon's programs. Programs included Non-Responsive Non-Responsive Oregon CZARA, Non-Responsive The group met because Oregon CWA Coordinators realized that different conversations were occurring in multiple programs with the same senior DEQ management, where EPA was expressing dissatisfaction with the State's programs. The coordinators thought it was important to meet to share information with each other and work with Dan and Christine on priority areas for Oregon in the upcoming year with the State.

I'll bring donuts! Send me requests for your favorite Top Pot donut. << File:
